

September 11, 2017

To All Bedford ProCare Fitness Members,

ProCare Fitness, Inc. is excited to announce that beginning October 1, 2017, Blair and Courtney Leydig will be the new owners of ProCare Fitness Bedford! This is an exciting opportunity for Blair and Courtney and we believe that this move will strengthen and build the club as well as create an avenue of new programming, better equipment maintenance and an overall improved club!

Blair has a phenomenal fitness background and Courtney an equally strong business background. Together they will create a new and improved community minded fitness facility!

The new owners will be honoring all existing memberships and agreements. Blair will have an active presence at the facility and is eager to work with each member to assist them in their future goals.

Dr. Reinhardt and myself would like to thank you all for your years of loyalty to the club and ask you all to continue your patronage with *The Leydigs!* We are confident they will exceed our service and do their very best for you!

Respectfully,

James Foreman
